Chapter 1 Thou Shalt Contract Within the Law and the Working Environment of the Contracting Parties .......... 1

Typical Contract Problems and their Causes: Common Law and Tort Issues, Changes in the Contracting Environment

1.1 Contracting Basics .................................................................................................................. 3
1.1.1 Contract Law as Part of Common Law ................................................................................. 3
1.1.2 Contract Formation ........................................................................................................... 4
1.1.3 Breach of Contract ............................................................................................................ 7
1.1.4 Terms and Conditions .................................................................................................... 8
1.1.5 Typical Content of a Contract .......................................................................................... 9
1.1.6 Obligations Outside the Terms of a Contract ..................................................................... 11
1.1.7 “Legal” Versus “Ethical” or “Fair and Reasonable” .................................................................. 13
1.1.8 Contract Failure and Termination ..................................................................................... 16
1.1.9 Recourse in Law .............................................................................................................. 18
1.2 Changes that Influence Contracts .......................................................................................... 19
1.2.1 Change over the Past 30 Years ......................................................................................... 20
1.2.2 Effect of These Changes on How We Do Business ......................................................... 21
1.2.3 Effect of Changes on Contracting Options ........................................................................ 22
1.2.4 What Has Been Found by the Construction Industry Institute and the Cost Reduction Initiative for the New Era ................................................................. 28
1.3 What has Changed .................................................................................................................. 31

Chapter 2 Thou Shalt Not Mix Up the Wrong Work Packages .......... 37

Packaging Work: Combining the work and materials supply for optimal performance

2.1 Contract Types ...................................................................................................................... 37
2.1.1 Stipulated Price .............................................................................................................. 38
2.1.2 Unit Rate ......................................................................................................................... 42
2.1.3 Cost Plus ......................................................................................................................... 45
2.2 Tendering Options .................................................................................................................. 50
2.2.1 Bidding ......................................................................................................................... 52
2.2.2 Request for Proposal ........................................................................................................ 56
2.2.3 Negotiation ...................................................................................................................... 59
2.3 Scope of Work ......................................................................................................................... 61
2.3.1 Supply Only ...................................................................................................................... 61
2.3.2 Services Only ................................................................................................................... 63
2.3.3 Engineering, Procurement, and Construction (EPC) .................................................... 64
2.3.4 Engineering, Procurement, and Construction Management (EPCM) ......................... 69
2.3.5 Design/BUILD ................................................................................................................ 71
### Chapter 5: Thou Shalt Not Be Ambiguous and Vague

Clarity in wording: ambiguity, latent disputes and interpretation of contract clauses

<td>The Effect of Auditability on Contracts</td>
<td>249</td>
</tr>
</tbody>
</table>
7.3 Contracts in a Context of Trust ............................................................... 251
  7.3.1 Competence Trust ............................................................................. 252
  7.3.2 Integrity Trust .................................................................................... 255
  7.3.3 Intuitive Trust .................................................................................... 257
  7.3.4 Balancing Trust Types ...................................................................... 259
  7.3.5 Adapting Contracts and Managing Them Based on Trust .......... 260

Chapter 8 Thou Shalt Not Mess Unduly with the Contract
After it is Agreed .......................................................... 265

  Administration of contracts: payments, meetings, and
documentation

  8.1 Payment and its Implications ................................................................. 266
    8.1.1 Payment Processes ................................................................. 266
    8.1.2 Holdbacks and Lien Acts ....................................................... 268
    8.1.3 Lender and Investor Concerns ............................................. 272
    8.1.4 Implicit Contract in Common Law ....................................... 275
  8.2 Notices Under the Contract ................................................................. 276
    8.2.1 Purpose of Notices ................................................................. 276
    8.2.2 Notices Often Defined by the Contract .................................... 277
  8.3 The Power of Progress Meeting Minutes ........................................... 280
    8.3.1 Using Progress Meeting Minutes to Serve Notice ................. 280
    8.3.2 Using "Standard" Minutes ...................................................... 281
  8.4 Documents that Affect Contract Terms and Conditions ................. 286
    8.4.1 Memos to File ................................................................. 286
    8.4.2 Diaries .................................................................................... 287
    8.4.3 Written Communication ..................................................... 288
    8.4.4 Confirmation of Important Items ........................................ 289
    8.4.5 Other Forms of Communication ........................................ 290
  8.5 Legal Recourse: Will the Real Contract Please Stand Up?!.............. 292
    8.5.1 Reading the Contract ............................................................. 292
    8.5.2 Knowing What the Contract Means ..................................... 294
    8.5.3 Last Resort: Turning to the Law ............................................ 296

Chapter 9 Thou Shalt Deal Rationally and Fairly with
Inevitable Changes to a Contract .................................................. 299

  Changes and Markups: Types of changes, processes, costs
and games played

  9.1 Change Orders ................................................................. 300
    9.1.1 Change Basics ................................................................. 302
    9.1.2 Processes Needed for Managing Changes .............................. 303
  9.2 Process for Managing Changes .......................................................... 305
    9.2.1 Flowchart .............................................................................. 305
    9.2.2 The Need for Process to Meet Buyer and Vendor Needs ....... 308
  9.3 When is a Change a Change? ............................................................. 309
    9.3.1 Recognizing a Real Change ................................................ 309
    9.3.2 What Can Change? ............................................................. 312
  9.4 The Effect of Changes and how it Alters Over Time ....................... 317
    9.4.1 Effects .................................................................................... 317
    9.4.2 Time Effect on a Change ..................................................... 318
    9.4.3 Contracts .............................................................................. 319
    9.4.4 Relationships ....................................................................... 320
    9.4.5 Morale .................................................................................. 321
Ten Commandments of Better Contracting: A Practical Guide to Adding Value to an Enterprise through More Effective SMART Contracting
